

642300 Baluster Profile Adapter Universal 42

Material: AISI 316

Finish: satin

Application: Indoor and outdoor

Compatibility: ILLUNOX® system 42 and balusters 42,4x2mm

Dimensions: See drawing.

Description: Bracket especially designed for the ILLUNOX® handrail to mount onto balusters. This baluster adapter can be used with the ILLUNOX® handrail $\varnothing 48,3\text{mm}$ (642101), square $40 \times 40\text{mm}$ (642111) and rectangular $60 \times 40\text{mm}$ (642121). This bracket is suitable for cable throughput for the LED system.

Mounting: Baluster adapters to be slid over the ILLUNOX® handrail profile and fixated by fastening the screw. No need to weld. To be welded or glued into the baluster. Use approximately 1ml glue per connection.

Weight: n.a.
